HERE TO STAY!**

**12 StyleMate**  
This compact ionic travel dryer offers dual voltage with the simple twist of a dial. A high-output ionizer built into the nozzle generates negative ions to help make hair more manageable. The 1,100-watt, 8-ounce unit offers two speed settings with a locking cool-shot button to set styles in place. The model features a lightweight, ergonomic design with a nonslip grip, a curved handle and a balanced design to reduce wrist fatigue. It's available in magenta, purple, teal and black. It also has a one-year warranty.
